

CURRICULUM VITAE OF SIMONE SCALABRINO

May 30, 2016

1 General information

Simone Scalabrino was born in Campobasso, on March 28th, 1991. He currently lives in Campobasso, Contrada Lupara 20.

1.1 Contacts

Phone: +39 0874 441388

Mobile: +39 338 5358754

Email: s.scalabrino9@gmail.com

2 Education

He is currently a Ph.D. student at University of Molise, advised by Prof. Rocco Oliveto.

On July 24th 2015 he received (*magna cum laude*) a Master's Degree in Computer Science at University of Salerno, defending a thesis on Software Testing, entitled "Design and implementation of a tool for the automatic test case generation", advised by Prof. Andrea De Lucia.

On November 29th 2013 he received (*magna cum laude*) a Bachelor's Degree in Computer Science at University of Molise, defending a thesis on Software Quality, entitled "A new metric for measuring code readability", advised by Prof. Rocco Oliveto and Prof. Denys Poshyvanyk (College of William and Mary).

3 Projects

3.1 Research projects

From March to October 2015, he took part to the project "WISCH" (Working Into Shaping Campania Home), financed by Regione Campania and the

European Union. He won a scholarship entitled “Study, selection, definition and evaluation of structural testing methodologies for avionic software”.

3.2 Other projects

He contributed, in a team of 4 persons, to the project “Speed-it app”, selected for the final competition of SCORE-it (ICSE 2015). The “Speed-it app” application was partially used at the registration desk of the conference.

He managed a team of 12 persons in an inter-university project (University of Salerno and University of Molise). The application (MyUnimol) is currently published on the Play Store and widely used by students of University of Molise.

4 Conferences and schools

From March 1st to March 2nd 2016 he participated to the 1st edition of the “Days of Scientific Research” at University of Molise.

From March 1st to March 2nd 2016 he participated to the 1st edition of the “Days of Scientific Research” at University of Molise.

From September 8th to September 10th 2015 he participated to the “Unibz Summer School on Software Engineering” in Bolzano, Italy.

From June 16th to June 20th 2014 he participated to the Summer School on Computer Vision and Pattern Recognition for Homeland Security“ (VISMAC

2014) and he passed the final exam.

4.1 Courses

He held the course "Videogame development in Unity" for the first year of the undergraduate program in Computer Science at University of Molise.

4.2 Grants and awards

His paper "Improving Code Readability Models with Textual-based Features" received the ACM Distinguished Paper Award at the International Conference on Program Comprehension (ICPC) 2016.

He received the ACM SIGSOFT CAPS grant, supporting his participation to the 37th "International Conference on Software Engineering".

5 Workshops and presentations

On May 16th 2016 he presented the paper "Improving Code Readability Models with Textual-based Features" at the International Conference on Program Comprehension (ICPC) 2016 in Austin, TX.

On March 2nd 2016 he presented the work entitled "Software vulnerabilities: an empirical classification based on programming language" at the first edition of the "Days of Scientific Research" at University of Molise.

On May 23rd 2015 he presented the project "Speed it App" in the final phase of the "SCORE-it" competition, co-located with the 37th "International Conference on Software Engineering".

6 Visiting student

From August to September 2013 he was a visiting student at College of William and Mary (Williamsburg, Virginia). In such a period, he carried out research in the field of code readability, supervised by Prof. Denys Poshyvanyk.

From April to May 2016 he was a visiting student at Free University of Bolzano. In such a period, he took part to the project “RPMA - Mining Users’ Reviews to Support the Release Planning of Mobile Apps”, supervised by Prof. Denys Poshyvanyk.

7 Other activities

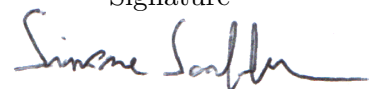

He was selected as a student voluteer for the 38th “International Conference on Software Engineering” and he served under the supervision of Prof. Miryung Kim.

He was selected as a student voluteer for the 37th “International Conference on Software Engineering” and he served under the supervision of Prof. Filomena Ferrucci and Prof. Gordon Fraser.

I hereby declare to be informed, as per law 196/2003, that the personal data contained in such a resume will be treated as per law 196/2003.

Campobasso, May 30, 2016

Signature

UPDATED TO MAY 30, 2016
